

KR SAWS SPRAYMIST OIL 5DB

A high lubricity vegetable ester
Product code: 5DB

Product Description:

KR Saws Spraymist 5DB is a specially formulated biodegradable ester of wholly vegetable origin. It has been stabilized with a technologically advanced additive system to prevent oxidation and lacquering during conditions where excessive high temperatures prevail.

Application:

KR Saws Spraymist 5DB has been developed especially for use as a replacement for mineral based lubricants in applications such as divider oils, or where a lubricant with biodegradable properties is required.

KR Saws Spraymist 5DB is much higher in lubricity than conventional oils, with the result of reducing friction between moving surfaces.

KR Saws Spraymist 5DB may also be used for ferrous and non-ferrous cutting and sawing applications.

Benefits:

- Light coloured
- Bland odour
- High lubricity

Biodegradeable

Typical Test Data:

Specific gravity @ 15.6°C	0.915
Kinematic viscosity @ °C 40 (cSt)	34.2
Moisture content	0.1% max
Iodine value (Wij's)	114
Free fatty acids (as Oleic acid)	0.15% max
Saponification value (mg KOH/gm)	188
Odour	Bland

Health & Safety:

Please refer to the relevant health and safety data sheet, a copy of which is freely available to all of our customers

Availability:

KR Saws Spraymist 5DB is available in bulk road tanker deliveries, in 5 Litres, 25 Litres & 205 Litre barrels.

Issue No: e2
April 2005
